DIVISION OF
OIL, GAS AND MINING

BEFORE THE DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
STATE OF UTAH

IN THE MATTER OF TENTATIVE
DECISION TO APPROVE THE MINING
AND RECLAMATION PLAN FOR
UTAH BUILDING STONE SUPPLY'S
DOVE CREEK QUARRY,
BOX ELDER COUNTY, UTAH

NOTICE OF TENTATIVE
DECISION TO APPROVE
NO. M/003/016

IN THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION,
MINERAL AND UTAH TO OWNERS, AND PARTICULARLY ALL PERSONS
INTERESTED IN SECTIONS 13 AND 14, TOWNSHIP 13 NORTH, RANGE 16
WEST, SLBM, BOX ELDER COUNTY, UTAH.

Notice is hereby given by the Division of Oil, Gas and Mining
of its tentative decision to approve the Mining and Reclamation
Plan for Utah Building Stone Supply's Dove Creek Quarry. Mining
activities will affect the following area: Northwest 1/4 of Section
13, North and North of the South of Section 14, Township 13
North, Range 16 West, SLBM, Box Elder County, Utah.

Utah Building Stone Supply will employ the following mining
and reclamation techniques on approximately 19.7 acres of Pri-
vate and Federal (USFS) land. This is an existing small (< 5 acre)
mining operation that is expanding to a large mine category.

During Operations
Stone is extracted using a track excavator with occasional drilling
and blasting to loosen the material. Blocks are loaded on truck
and shipped to the Enterprise Millstone near Park Valley, Utah for
processing and packaging. Some stone is split and stacked or
palletized at the site before being shipped. New quarry areas which
have available soil material will be salvaged and stockpiled for
reclamation.

After Operations: Waste rock materials will be used to backfill the
pits to eliminate the highwalls and, to the extent possible, return
the land to the original topography. Available topsoil will be
transported to a depth of 10 inches on new quarry areas. Com-
posted manure will be used to amend waste lines on current
quarry areas to make them suitable to support vegetation. Rock
that will be reclaimed will be ripped to alleviate compaction. A
reggraded areas will be seeded with an approved seed mix de-
signed to enhance wildlife habitat and grazing. All equipment
and debris will be hauled from the site. There are no permanent
structures associated with this operation.

Any person representing the company is Mr. William Bow
Phone (801) 295-0601. Utah Building Stone Supply is fulfilling ob-
ligations under the Utah Mined Land Reclamation Act of 1975, Ute
Code Ann. §40-8-18.

Any person or agency aggrieved by this tentative deci-
sion to issue approval is hereby requested to submit written pro-
test within thirty (30) days of the date of publication to Mary A.
Wright, Associate Director of Mining, Division of Oil, Gas and Mi-
ning, 1524 West North Temple, Suite 1210, Box 145801, Salt La-
ke City, Utah 84114-5801, setting forth factual reasons for the co-
plaint. If no responsive written protests are received by the Di-
vision within 30 days after the last date of publication, the tentati-
ve decision of the Division will be final.

DATED this 14th day of June, 2000
